Steve, I think that we have been working together for six years now on our annual fall Harbor Cruise. The boat may have changed but your wonderful service is always extraordinary. As I have so many college students with varying music type likes, you have been able to meet everyone's needs. Between the techno, the rap, the dance music and of course the shag, you cover it all.

Again, thank you for all that you do for us. Look for another call from me when we start planning for next year.
